More PACE projects

FOUR more South Australian exploration projects have received funding under the State Government's Plan for Accelerating Exploration (PACE) initiative.

Phoenix Copper will get \$120,000 for diamond drilling programs for its Burra and Black Hills projects.

Lincoln Minerals won a commitment of up to \$75,000 for a proposed diamond core drilling at its Furilla iron ore

and uranium project on Eyre Peninsula.

Royal Resources won \$70,000 in PACE funding for diamond drilling of prospective iron targets at the Braemar Iron Formation in the Pualco area.

Last week, UraniumSA told an Adelaide exploration conference it had won \$90,000 funding to accelerate its drilling program on its Blackbush prospect near Whyalla.
